Mayor Buhrow opened the public forum at 6:33 p.m. Randy Thoren, Board of Adjustments

member, made comments on a request from Eric Larson for property to the north of 105 7th Street trailer park. The request is for a variance to be granted to allow the property owner to build a 20 unit storage facility to be available to the general public. Since this property is zoned an R-4, the storage units could only be rented to the trailer park residents and not the general public. After discussions with Seth Schroeder. City Attorney, it was established that a variance cannot be granted on the uses for this storage facility. Randy Thoren felt the City Council needed to be aware that this request has been made and will need to be denied by the Board of Adjustments due to it not meeting the definition of a variance. Randy Thoren made comments that a special exception or rezoning request would need to be made. No further

comments made. Miller moved and Stefl seconded to approve Resolution 2014-48, a resolution to approve a request from Paul and Martha Sealman, owner of property along E Avenue and 3rd Street to allow the City Attorney to complete a quick claim deed to correct the legal descriptions. Motion

carried five ayes. Hamann moved and Kiewiet seconded action to approve Resolution 2014-44, a resolution approving a BIG Grant for The Larrabee Center, dba Trinkets and Togs, 1609 G Avenue, for \$13,454 to assist with front facelift of the building, signage, and electrical expansion. Motion
