### **PUBLIC NOTICE: CONRAD**

2021 WATER QUALITY REPORT FOR THE CITY OF CONRAD

The City of Conrad strives to provide you with a safe, dependable supply of drinking water that is in compliance with the guidelines established by the Environmental Protection Agency (EPA). This report contains important information regarding the water quality in our water system. The City of Conrad currently purchases its water through a bulk connection with lowa Regional Utilities Association (IRUA). The Marshalltown Water Works supplies the water which is pumped from nine deep wells located on the north side of the lowa River drawing from the Gravel and Sand and Mississippian Aquifers. Our water quality testing shows the following results

Contaminant	MCL (MCLG)	Compliance - Type	Compliance - Result (Range)	Year Tested	Violation	Source
City of Conrad Distribution System	-	-	-	-	-	-
Lead (ppb)	AL=15 (0)	90™	1.24 (ND -2.0)	2019	No	Corrosion of house- hold plumbing sys- tems; Erosion of natu- ral deposits.
Copper (ppm)	AL=1.3 (1.3)	90™	0.0222 (ND - 0.0245)	2019	No	Corrosion of plumb- ing systems; Erosion of natural deposits; Leaching from wood preservatives.
Distribution	-	-	-	-	-	-
Chlorine (ppm)	MRDL=4.0 (MRDLG=4.0)	RAA	2.6 (1.8-3)	2021	No	Water additive used to control microbes.
Water Supplied by Marshalltown Water Works	-	-	-	-	-	-
Sodium (ppm)	N/A (N/A)	SGL	17	2019	No	Erosion of natural deposits; Added to water during the treatment process.

The EPA requires monitoring of over 80 drinking water contaminants. Those listed above are the only contaminants detected in your drinking water. Contaminants with dates indicate results from the most recent testing done in accordance with regulations. **DEFINITIONS** 

 Maximum Contaminant Level (MCL) - The highest level of a contaminant that is allowed in drinking water. MCLs are set as close to the MCLGs as feasible using the best available treatment technology.

· Maximum Contaminant Level Goal (MCLG) - The level of a contaminant in drinking water below which there is no known or expected risk to health. MC-

- LGs allow for a margin of safety. • ppb - parts per billion
- ppm parts per million pCi/L - picocuries per liter
- N/A Not applicable ND – Not detected
- RAA Running Annual Average • Treatment Technique (TT) - A re-

quired process intended to reduce the level of a contaminant in drinking water. Action Level (AL) – The concentra tion of a contaminant which, if exceeded, triggers treatment or other requirements

which a water system must follow. · Maximum Residual Disinfectant Level Goal (MRDLG) - The level of a drinking water disinfectant below which there is no known or expected risk to health. MRDLGs do not reflect the benefits of the use of disinfectants to control microbial contaminants.

· Maximum Residual Disinfectant Level (MRDL) - The highest level of a disin-

fectant allowed in drinking water. There is convincing evidence that addition of a disinfectant is necessary for control of

- microbial contaminants SGL – Single Sample Result • RTCR - Revised Total Coliform Rule
- NTU Nephelometric Turbidity Units **GENERAL INFORMATION**

Drinking water, including bottled water, may reasonably be expected to contain at least small amounts of some contaminants. The

presence of contaminants does not necessarily indicate that water posed a health risk. More information about contaminants or

potential health effects can be obtained by calling the EPA's Safe Drinking Water Hotline (800-426-Some people may be more vul-

nerable to contaminants in drinking water than the general population. Immuno-compromised persons such as persons with cancer undergoing chemotherapy, persons who have undergone organ transplants, people with HIV/AIDS or

other immune system disorders, some elderly, and infants can be particularly at risk from infections. These people should seek advice about drinking water from their health care providers, EPA/CDC guidelines on appropriate means

to lessen the risk of infection by Cryptosporidium and other microbial contaminants are available from the Safe Drinking Water Hotline (800-426-4791).

If present, elevated levels of lead can cause serious health problems, especially for pregnant women and young children. Lead in

drinking water is primarily from materials and components associated with service lines and home plumbing. The City of Conrad is responsible for providing high quality drinking water, but cannot control the variety of materials used in plumbing components.

your water has been sitting for several hours, you can minimize the potential for lead exposure by flushing your tap for 30 seconds to 2 minutes before using water for drinking or cooking. If you are concerned about lead in your drinking

water, you may wish to have your water tested. Information on lead in drinking water, testing methods, and steps you can take to min-

imize exposure is available from the Safe Drinking Water Ho-

tline (800-426-4791) or at http://www.epa.gov/safewater/lead. SOURCE WATER ASSESS-**MENT INFORMATION** 

The Marshalltown Water Works obtains its source water from the Buried Sand and Gravel and Mississippian aquifers. The Buried Sand and Gravel aquifers were determined to have low susceptibility to contamination because the characteristics of the aquifer and overlying materials provide natural protection from contaminants at the land surface. The Mississippian aquifers were determined to

be susceptible to contamination because the characteristics of the aquifers and overlying materials provide some protection from contaminants from the land sur-

face. The wells will be susceptible to activities such as leaking underground storage tanks,

underground storage tanks, and hazardous waste generators. A detailed evaluation of your source water was completed by the IDNR, and is available from Iowa Regional Utilities Association at (641) 792-

OTHER INFORMATION The City of Conrad is making ev-

ery effort to protect the water system from potential security threats. You, as customers, can also help. If you see any suspicious activity near any part of the water

system, please contact us at (641) 366-2300 or the local police/sheriff department. We appreciate your assistance in protect-

ing the water system. For questions regarding this information, please contact Nick Kitzman, Water Superintendent at (641) 750-4453. Decisions regard-

the water system are made at the Conrad City Council meetings held on the second Thursday of each month at 7:00 p.m. at the Conrad City Hall Council Chambers; 204 E Center Street; Conrad, Iowa and

are open to the public. Published in The Grundy Register on Thursday, June 23, 2022

- **GENERAL INFORMATION** Drinking water, including bottled

water, may reasonably be expected to contain at least small amounts of some contaminants. The

presence of contaminants does not necessarily indicate that water posed a health risk. More information about contaminants or potential health effects can be ob-

tained by calling the Environmental Protection Agency's Safe Drinking Water Hotline (800-426-

4791). Some people may be more vulnerable to contaminants in drinking water than the general population. Immuno-compromised persons

such as persons with cancer undergoing chemotherapy, persons who have undergone organ transplants, people with HIV/AIDS or other immune system disorders.

some elderly, and infants can be particularly at risk from infections. These people should seek advice about drinking water from their health care providers. EPA/CDC guidelines on appropriate means

to lessen the risk of infection by Cryptosporidium and other microbial contaminants are available from the Safe Drinking Water Hotline (800-426-4791).

If present, elevated levels of lead can cause serious health proben and young children. Lead in drinking water is primarily from materials and components associated with service lines and home plumbing. The City of Dike is responsible for providing high

quality drinking water, but can-

not control the variety of materials used in plumbing components.

your water has been sitting for several hours, you can minimize the potential for lead exposure by flushing your tap for 30 seconds to 2 minutes before using water for drinking or cooking. If you are concerned about lead in your drinking

water, you may wish to have your water tested. Information on lead in drinking water, testing methods, and steps you can take to minimize exposure is available

from the Safe Drinking Water Hotline or at http://www.epa.gov/safe-

The most common drinking water treatment is disinfection. Disinfection is considered to be the primary mechanism to kill bacteria and other germs to prevent the

spread of waterborne diseases. Chlorine is the most widely used disinfectant. Disinfectants combine with organic and inorganic matter present in water to form chemicals called disinfectant by-products. EPA sets standards for

controlling the levels of disinfectants and disinfectant by-products in drinking water.

#### ADDITIONAL HEALTH INFOR-MATION

Infants and young children are typically more vulnerable to lead in drinking water than the general population. It is possible that lead levels at your home may be higher than at other homes in the community as a result of materials used in

vou are concerned about elevated lead levels in your home's water, you may wish to have your water tested and flush your tap for 30 seconds to 2 minutes before using tap water. Additional information is available from the Safe Drinking Hotline (800-426-4791). SOURCE WATER ASSESS-MENT INFORMATION

IRUA's treatment plant near Waverly obtains its water from the dolomite and limestone of the Siluri-

an-Devonian aquifer. The Silurian-Devonian aquifer was determined to be highly susceptible to the contamination because the characteristic of the aquifer and overlying materials provide little protection from contamination at the land surface. The Silurian-De-

vonian well will be highly susceptible to surface contaminants such as leaking underground storage tanks, contaminant spills, and excess fertilizer application. A detailed evaluation of your source water was completed by the lowa Department of Natural Resources, and is available from lowa

Regional Utilities Association at (641) 792-7011

#### OTHER INFORMATION The City of Dike is making every

effort to protect the water system from potential security threats. You, as customers, can also help. If you see any suspicious activity near any part of the water system. please contact the city of Dike at (319) 989-2291 or the local police/sheriff department. We ap-

preciate your assistance in protecting the water system. For questions regarding this in-

formation, please contact Marty Camarata, City Superintendent, at (319) 989-2291. Decisions regarding

Dike City Council meetings, which are held on the second Wednesday of each month at 7:00 p.m. at

the Dike City Hall; 540 Main Street; Dike, Iowa and are open to the public.

Published in The Grundy Register on Thursday, June 23, 2022

#### PROCEEDINGS: GRUNDY CENTER CSD

The Grundy Center Community School District met in regular session with a work session to follow on Wednesday, June 15, 2022 in the Administration Building.

The regular meeting was called to order at 5:00 PM and the pledge of allegiance was recited.

Roll Call: Present: Blythe, Mar-

Absent: Breyfogle (joined at 5:22),

Lebo Admin: Hughes, Wagner and Vokes

Visitors: Bob Munson, Art Baumgartener, Nick Liston, Nick Baur, Liz Delcastillo, Aiden Delcastillo, Laura Hommel, Rochelle Mc-Garvey, Mark Stubbolo, Stacy Ascher, John Mohwinkle

The board recited the Pledge of Allegiance.

Motion made by Director Venenga, seconded by Director Blythe to approve the Agenda. Motion carried unanimously 3-0.

The Vice-President welcomed the visitors.

# Wanda Lou Akers

1940-2022

Wanda Lou Akers, 82, of Grundy Center, passed away on Wednesday, June 15, 2022, at the Cedar Valley Hospice Home in Waterloo, Iowa. Memorial visitation was held from 5:00 p.m. until 7:00 p.m. on Friday, June 17, 2022, at Abels Funeral and Cremation Service, Engelkes Chapel in Grundy Center. A graveside service was held at

2:00 p.m. on Saturday, June 18, 2022, at Rose Hill Cemetery in Grundy Center. Memorials may be directed to the family. Online condolences may be made by visiting www.abelsfu-

neralhomes.com

Wanda was born on January 21, 1940, in Holland, Iowa to her parents Henry and Anna (Schmidt) Werkman. She was raised in Grundy County and graduated from Grundy Center High School in the class of 1958. Wanda was united in marriage to Gordon Akers on April 21, 1962. Together they made their home in Grundy Center and welcome their daughters LuJean and Robin into their family. The couple owned and operated the Grundy Home Bakery for many years. Wanda then went to work as a custodian at UNI. She worked there for 23 years retiring in 2010. Wanda was an active member of the United Methodist Church in Grundy Center. She served the church by administering communion, helping with church meals and numerous other church tasks. She enjoyed doing jigsaw puzzles, playing cards with friends, and baking. However, her true joy in life came from spending time with her family, especially her grandchildren and great-grandchildren. Wanda is survived by be her daughters LuJean (Mike) Muller and Robin (Craig) Halupnick; grandchildren Jeff (Amy) Muller, Missy (Nick) Haynes, Kayla Bartels (Chris Crowl), and Zach Bartels (Jacie Bown); 13 great-grandchildren; sisters Lanette Saathoff, Arlene (Melvin) Haupt, Lois Meester, and Diane Ascher; and many nieces and nephews. She was preceded in death by her parents; husband Gordon; and sister Marge Meester.

# Shirley Ann "Lee" Corbett

1928-2022

Shirley Ann "Lee" Corbett, 93, of Grundy Center, IA entered God's Kingdom on June 20th, 2022. A visitation is being held at Bethlehem Lutheran Church, Vinton IA on Thursday, June 23 from 9-11. Funeral will follow the visition. A memorial fund has been established.

Mildred (Thomas) Nelson. Lee grew up during the depression. Her father managed Piggly Wiggly grocer cializing in opening new stores so the family moved often.

After graduating from Marshalltown Lee was working in Ames when she met a veterinary student, Oran Robert "Doc" Corbett. They wed on 8/20/1956. Lee supported the family until Doc graduated in 1960. They moved to Vinton IA where they set up practice,

raised a family and lived for the next 60 years.

Lee had many interests. She had a passion for sewing and embroidery. The couple had a well known Great Dane kennel that raised many show dogs and champions. She was an ardent Iowa Hawkeye, especially wrestling, having season tickets and attending almost every national from 1976-2017.

Lee is survived by her brothers Mark (Susan) Nelson, Michael Nelson, daughter Judith Corbett, sons Cameron (Brenda) and Mitchell (Pat), 8 grandchildren, 7 great grandchildren & 3 great grandchild. She was preceded in death by husband O.R. Corbett, brother Robert Nelson and son Joseph.

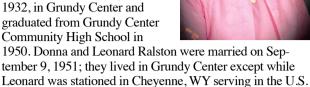

Services: 11:00 June 23 Bethlehem Lutheran Church, Vinton IA **Phillips Funeral Homes** https://www.phillipsfuneralhomes.com

# **Donna Ralston**

1932-2022

Donna Ralston, age 89, of Grundy Center, IA peacefully passed away on Friday, January 28, 2022, at Arlington Place in Grundy Center.

She was born to parents Tieman "Tim" and Lisetta "Dot" Graves Dudden on May 16, 1932, in Grundy Center and graduated from Grundy Center Community High School in

Air Force in 1952-1955. Donna's employment history included the Grundy Café, Soil Conservation Office, Spokesman Press, Collectors News and Dudden's Men's/Boys Clothing Store. Leonard and Donna retired in 1991. She later worked at the Abels Engelkes Funeral Home, and enjoyed numerous church ac-

tivities, volunteering at the Grundy Center County Hospital,

and reading. Donna was a lifelong member of the Bethany Presbyterian Church and a member of Mariners and Woman's Club of Grundy Center. While her first love was her husband and family, she thoroughly enjoyed music-playing the piano, singing in the church choir, and frequently singing for weddings and funerals. She and Leonard also belonged to the Town and County Golf Course.

Donna is preceded in death by her husband, Leonard, parents: Tieman and Lisetta Dudden; one son, Timothy, brother, and sister-in-law Roland and LaVine Dudden, nephew Jeffrey Dudden, Parents-in-law Elon and Alberta Ralston, sisters-in-law Darleen Haren and Susan Cosford. Brothersin-law Kay Reynolds, Richard Shaw, Barry Cosford, Robert Berger, and Carroll Haren.

She is survived by her children: Debra Ralston of Elkhorn, NE, David (Janet) Ralston of Scottsdale, AZ, Patricia Ralston of Perrysburg, OH and daughter-in-law, Coleen Ralston of Grundy Center, IA; grandchildren: T.J. (Lacy) Ralston of Jefferson City, MO, Nick Dean of Las Vegas, NV, Eric (Heather) Ralston of Owasso, OK, Emily Dean of Omaha, NE and Emmy Ralston of Tulsa, OK; great-grandchildren: Brenden, Brock and Landon Ralston and Garrett, Makenzie, and Beau Ralston; brother-in-law: Marvin (Rosie) Ralston and sisters-in-law Margie Reynolds and Cheryl Berger, and numerous nieces and nephews.

A memorial visitation will be held on Thursday, June 23, 2022 from 5:00 p.m. until 7:00 p.m. at Abels Funeral and Cremation Service, Engelkes Chapel, Grundy Center. A memorial service will be held at 10:30 a.m. on Friday, June 24, 2022 at Bethany Presbyterian Church in Grundy Center with inurnment following at Rose Hill Cemetery. Memorials may be directed to 2815 N. 202 Street, Elkhorn, NE 68022 which will be designated by the family at that time. For further information or to leave an online condolence please visit www.abelsfuneralhomes.com.

The family is very grateful and blessed by the many relatives and friends who supported her, especially during the past several months.
